Voucher: 300 Euro*

for Assignments of AI Training Data,
Categorization or Tagging

* Voucher for the admin fee
redeemable from an order value
of 3,000 €.

● Service clickworker

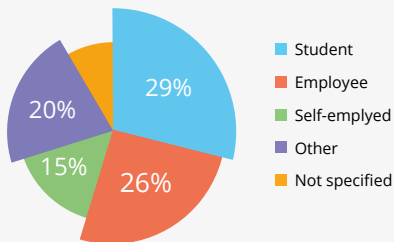

We harvest, annotate and validate your AI training data
Quality Assured - Fast - Economic
 by engaging our global crowd and micro-tasking solutions

Using our managed service, we develop individual solutions for your project and break tasks down into micro jobs. Jobs are processed on our online platform and solved by many qualified and tested Clickworkers in parallel. All results are quality controlled and delivered to you according to your specification.

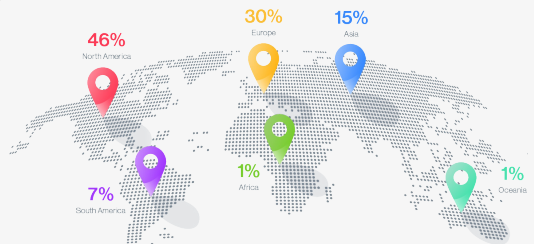

This field-tested process provides reliable and high-quality data sets with high throughput and outstanding scalability, at lower prices than using conventional approaches. We in addition offer self-service solutions for texts, surveys and sentiment analysis through our online marketplace.
